^{*} Respondent asked of all household members - Have you ever been told by a medical professional that you have high blood cholesterol?

Sample size 2,296 out of 16,938 people

¹ All household members

² Sample numbers provisionally weighted and adjusted for total population of Hawai`i

⁽total numbers are adjusted as households without telephones, Ni`ihau, Kalawao, group quarters, and homeless are not represented, see HHS Procedure Manual 2001)

³ Row and/or column totals may not sum to totals listed due to rounding

^{*} Number of cases in sample numerator or denominator too small for reliability - shown for consistency only

⁻⁻ No reported cases
